

Creating Highly Effective Teams

Saturday, May 5, 2018

9:00 a.m. - 12:00 p.m.

“A team is a small number of people with complementary skills who are committed to a common purpose, performance goals, and approach for which they hold themselves mutually accountable.”

- *The Wisdom of Teams*

As we prepare to bring our goals into reality this year, let's lay the foundation for success by learning how to create highly effective teams. Based on the work *The Wisdom of Teams*, this model recognizes that the best "team building" exercise is actually accomplishing a goal together, as reflected in the definition above.

This workshop is for everyone, whether you're on a team at Unity of Palmyra, another volunteer organization, or in the workplace. There is no charge for this workshop, but a love offering will be gratefully accepted! Coffee and breakfast goodies will be provided.

Please sign up in the Rose Room
or by emailing admin@unityofpalmyra.org.
